Mancell Financial Group helps people plan, invest & protect their wealth.

Without ties to any financial institution, we proudly offer financial advice free from product influence.

Mancell Financial Group (MFG) was founded in February 1980. Since then, we’ve helped individual and corporate clients achieve their financial goals by adopting the latest academic, market and legislative research.

Wholly owned by our founders, we have no links or ties to any financial institution. This freedom from product influence provides our clients with the greatest potential for financial success.

In 2001 & 2002 we underwent a substantial change. We reshaped the way our business was strategically and operationally managed, while also changing our portfolio construction process. This gave us a more efficient portfolio administration system and access to high quality portfolio administration platforms.

These changes gave clients lower fees, a more reliable investment experience and more disciplined portfolio review techniques.

Today, MFG oversees more than $400 million for our firm's clients. We are licensed to the privately owned FYG Planners Group which has over $3 billion in funds under advice.
